

A Day of Singing 2018

Class Descriptions

Sara Stone **Lead Where You Stand**

Yes, it's all about the singing but it's also all about the relationships. This class will cover ways to explore your leadership style and how to define it and look at ways to work with people based on behavior styles and personalities. Everyone is a leader – whether you have the title or not. Someone is looking up to you. We'll explore ways to build better relationships which build better chapters and lead to better choruses.
